Hi Kathy and Elizabeth –

Below is the link to the NWOD contract specifications documents. As we discussed in our last meeting, and presented in our May 2, 2011 memorandum to you, these documents, in addition to the forthcoming SAQ/QAPP, serve as a project workplan as we are concurrently in the process of contractor selection and working toward mobilization this summer.

Please let me know if you can open this. We have drawings that I can send in this manner as well. I am working off the assumption that you also want a hardcopy, but thought this would be the quickest way to get these documents to you for review in time for our scheduled June 1<sup>st</sup> meeting.

Thanks,

Laura

Attached are final specs. Tesoro requirements still need to be added to appendices and a final cross reference to drawings could require changes in addenda.
